## What is E-Giving?

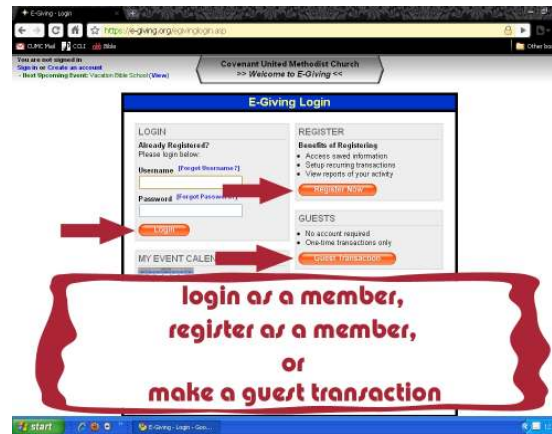

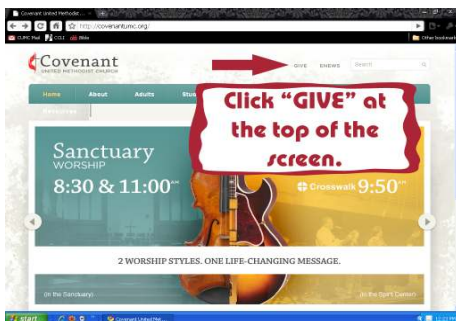

E-giving is short for electronic giving. It is an automatic transfer program which allows you to make contributions without writing checks.

## What are the advantages of E-Giving?

It saves time and work! It helps the church stabilize its budget. Members or supporters may contribute one time or recurring. Members may also donate while on vacation or on a business trip anywhere in the world.

## How do I get started?

You simply log on to the church website at [www.covenantumc.org](http://www.covenantumc.org) and click the "Give" button at the top right front of the home page. This will direct you straight to the E-Giving site to begin your sign up instructions.

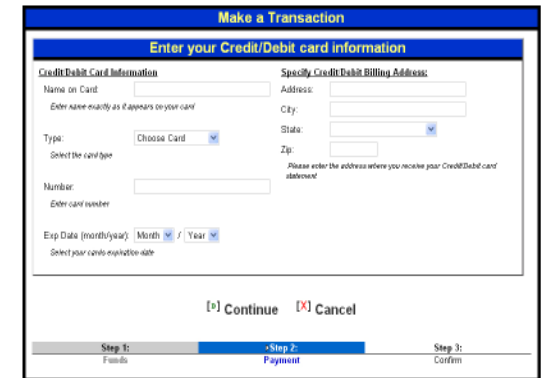

## Logging In

You may log in as a member if you have already registered previously, register as a member, or make a guest transaction.

At this point you can use the system for credit or debit card transactions. However, if you want to take advantage of the electronic fund transfer option (taking the funds straight from a checking or savings account) you must complete the authorization form.

After completing the form then you may choose how you wish to make payments (monthly, weekly etc.)

## Event Registration!

Did you know that you can also register and pay for certain events through the E-giving program? You simply log in and click on "View Upcoming Events" from the Main Menu. This will take you to the events calendar page and below the calendar you will see what events are available for online registration. You choose your event and register from there! Easy, no forms to remember to turn in!
